

SEA : *Your partner for continued success.*

In these challenging times, many companies are looking for ways to become more efficient and save money. One of the easiest ways to accomplish this is to find better and more efficient sources for parts and service needs.

As a worldwide leader in *Avionics Sales & Service* since 1993, perhaps you have heard of us or seen our name around. Many end users and distributors rely on our parts & repair resources to fill the requirements of their customers. Some of our valuable resources include:

- **Inventory Stock:** Overhauled & New parts for immediate shipment
- **Repair capabilities:** Quick turn-times, Fast service, Exchanges
- **Technical Services:** PMA Kits, Engineering, Publications, Integration

If you have ever received and/or used a part that was sold or serviced by us, then you already know that SEA is committed to delivering the highest quality product. What you may not know is that the SEA quality is backed up by our industry renowned *customer service*, experienced *technical team*, and vast Internet resources (www.seaerospace.com).

SEA believes that we offer the most ideal and cost-effective avionics parts & repair solutions in the industry. We trust that once you experience our level of service and quality you will understand what we call the *"SEA Difference"*.

If you are not currently obtaining SEA parts & repairs directly from us, then we invite you to allow us to assist you directly. In today's world, efficiency and action are the keys to continued success and survival.

Thank you for your time and consideration.
